

Version: 6.0

Revision date: 08/01/2024

Product Name: Cis Jasmone

Section 1: Identification of the Substance/Mixture and of the Company**Product identifier**

| | |
|---------------------------|-----------------------|
| Product Name | Cis Jasmone |
| Product Number | 772-2064 |
| REACH Registration Number | 01-2120229989-35-0002 |

Relevant identified use of the substance/mixture and uses advised against

| | |
|--------------------------|-----------------------------|
| Use of Substance/Mixture | Flavor and fragrance agent. |
|--------------------------|-----------------------------|

Details of supplier of the SDS

| | |
|-----------|-----------------------------------------------------------------------|
| Company | O'Laughlin Corporation Limited |
| Address | Suite 1704 Chinachem Tower 34 – 37 Connaught Road, Central, Hong Kong |
| Telephone | (852) 2527 1031 |
| Fax | (852) 2529 0231 |
| Website | www.olaughlinco.com |

Emergency telephone number

(852) 2527 1031

Section 2: Hazards Identification**Classification of the substance or mixture****Classification according to Regulation (EC) No 1272/2008**

Skin corrosion/irritation, Category 2, H315

Eye irritation, Category 2A, H319

Labelling elements**Labelling according to Regulation (EC) No 1272/2008****Pictogram****Signal word** **Warning****Hazard Statement**

H315 - Causes skin irritation.

H319 - Causes serious eye irritation.

Precautionary statement**Prevention**

P264 - Wash skin thoroughly after handling.

P280 - Wear protective gloves/eye protection/face protection

Response

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P332+P313 - If skin irritation occurs: Get medical advice/attention.

P337+P31 - If eye irritation persists: Get medical advice/attention.

Storagewebsite: www.olaughlinco.com

Safety Data Sheet

Version: 6.0

Revision date: 08/01/2024

Product Name: Cis Jasmone

P403 - Store in a well-ventilated place.

Disposal

P501 - Dispose of contents/container in accordance with local/ regional/ national/ international regulations.

Hazards Not Otherwise Classified No information available

Supplemental Hazard Information No information available

Section 3: Composition/information on ingredients

| Substance Name | 2-Cyclopenten-1-one,3-methyl-2-(3Z)-2-penten-1-y |
|----------------|--------------------------------------------------|
| CAS Number | 488-10-8 |
| EC Number | 207-668-4 |
| % (w/w) | 100 |

Remarks: The rest unspecified ingredients are impurities, and they are not hazard.

Section 4: First Aid Measures

Description of first aid measures

Skin contact Wash off with soap and plenty of water. Consult a physician.

Eye contact Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

Ingestion Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Inhalation If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

General information

Consult a physician. Show this safety data sheet to the doctor in attendance.

Indication of any immediate medical and special treatment needed: No information available.

Section 5: Fire-fighting Measures

Flammable properties

Flash point 107°C

Firefighting

Suitable extinguishing media Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable extinguish media Do not use a solid water stream as it may scatter and spread fire.

Protective equipment and precautions for firefighters

Specific hazards during firefighting Carbon oxides.

Specific protective equipment for firefighters Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighter's protective clothing will only provide limited protection. Wear self-contained breathing apparatus with a full face piece operated in the positive pressure demand mode when fighting fires.

Specific methods Use water spray to cool unopened containers

General fire hazards Static charges generated by emptying package in or near flammable

vapor may cause flash fire.

Section 6: Accidental Release Measures

| | |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions | Use personal protective equipment. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection see section 8. |
| Environmental precautions | Do not let product enter drains. |
| Methods for cleaning up | Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal. |

Section 7: Handling and Storage

| | |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage | Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. |
| Handling | Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. Normal measures for preventive fire protection. |
| Specific end use(s) | No information available. |

Section 8: Exposure Controls/Personal Protection

Control parameters: Components with workplace control parameters.

Exposure controls

| | |
|-----------------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. |
|-----------------------------------------|----------------------------------------------------------------------------------------------------------------------------|

Personal protective equipment

| | |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye/face protection | Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). |
| Hand protection | Type of gloves recommended: Butyl rubber. Minimum breakthrough time / gloves: 480 min. Minimum thickness / gloves 0.11 mm. |
| Body protection | Impervious clothing, the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. |
| Respiratory protection | Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). |
| Thermal hazards | Wear suitable protective clothing to prevent heat. |
| Environmental exposure controls | Avoid discharge into the environment. According to local regulations, Federal and official regulations. |
| Industrial hygiene: | When using do not smoke. Keep away from food and drink. Always observe good |

Version: 6.0

Revision date: 08/01/2024

Product Name: Cis Jasmine

personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Section 9: Physical and Chemical Properties

| | |
|----------------------------------|---------------------------------------|
| Appearance | Colorless to pale yellow oily liquid. |
| Odor | Floral, Jasmine-like, Hay-like. |
| Flash point | 107 °C |
| Specific Gravity | 0.9390 – 0.9430 at 20 °C |
| Refractive Index | 1.4970-1.5010 at 25 °C |
| Auto ignition temperature | No information available. |
| Viscosity | No information available. |

Section 10: Stability and Reactivity

| | |
|-------------------------------------------|-----------------------------------------------------------------------------------------------|
| Reactivity | Stable under normal temperatures and pressures. |
| Chemical stability | Stable at room temperature in closed containers under normal storage and handling conditions. |
| Possibility of hazardous reactions | No hazardous reactions known. |
| Conditions to avoid | No information available. |
| Incompatible materials | Strong oxidizing agents, strong bases, mineral acids. |
| Hazardous decomposition products | No information available. |

Section 11: Toxicological Information

Information on likely routes of exposure

| | |
|---------------------|--------------------------------|
| Inhalation | No information available. |
| Skin contact | Causes mild skin irritation. |
| Eye contact | Causes serious eye irritation. |
| Ingestion | No information available. |

Information on toxicological effects

| | |
|---------------------------------|--------------------------------|
| Oral/Parenteral Toxicity | oral-rat LD50: 5000 mg/kg |
| Dermal Toxicity | skin-rabbit LD50: > 5000 mg/kg |
| Germ cell mutagenicity | No information available. |

Carcinogenicity

OSHA No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

IARC No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

ACGIH No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

NTP No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity No information available

Safety Data Sheet

Version: 6.0

Revision date: 08/01/2024

Product Name: Cis Jasmone

TOST - single exposure No information available.
TOST - repeated exposure No information available.
Aspiration hazard No information available.

Section 12: Ecological Information

Eco toxicity No information available.
Persistence and degradability No information available.
Bio accumulative potential No information available.
Mobility in soil No information available.
Results of PBT&vPvB assessment No information available.
Other adverse effects No information available.

Section 13: Disposal Considerations

Disposal instructions Do not discharge into drains, water course or onto the ground. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations.

Local disposal regulations Dispose in accordance with all applicable regulations.

Hazardous water code No information available.

Waste from residues/unused products Empty containers or liner may retain some product residues. This material and its container must be disposed of in a safe manner.

Contaminated packaging Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied

Section 14: Transport Information

| | ADN | ADR | RID | DOT BULK | DOT NON-BULK | IATA | IMDG |
|------------------------------|---------------|-----|-----|----------|--------------|------|------|
| UN Number | Not regulated | | | | | | |
| Shipping Name | | | | | | | |
| Hazard Class | | | | | | | |
| Packing group | | | | | | | |
| Environmental Hazards | | | | | | | |

Section 15: Regulatory Information

US federal regulations: This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

CERCLA Hazards Substance List (40 CFR 302.4) Not listed
 OSHA Specifically Regulated Substance (29 CFR 1910.1001-1050) Not listed
 SARA 302 Extremely hazardous substances Not listed
 SARA 311/312 Hazard Chemical Not listed

Safety Data Sheet
